**Prior to filling out this form, please read California Notice to Registrants 2002-1 for detailed instructions. If you are unsure that your minor change qualifies for the notification process, call the Department of Pesticide Regulation (DPR) registration specialist assigned to your company. For formulation changes, remember to include the DPR Application Form 39-030, in addition to this form. Note: Products distributed or sold that do not meet the DPR notification process criteria are considered unregistered and subject to enforcement action.**

I certify under penalty of perjury to the accuracy and completeness of all information submitted on this notification. All documents submitted to the U. S. Environmental Protection Agency in support of the federal notification process are also enclosed in this submission or have been previously submitted to DPR as required by California Code of Regulations, Section 6170.
